The magic number 13 can also bring luck. Our Otter has been a bestseller of SRT Targets Group 4 for exactly 13 years, if that's not a positive thing!

The Otters (Lutrinae) - also called water martens - are an amphibious subfamily of martens. There are 13 species in seven genera. Otters are widespread almost worldwide and mainly live on the water.

And who wouldn't want to be an otter in this heat close to the water ??
